# CHASE'S

## GRADE COUNT

# BULLETIN

Chase, Alabama, Mar. 1, 1958. This winter is proving to be one of the most severe in the history of the local weather office, and has been a rough one to live with as far as digging operations in the nursery are concerned. However, it has had compensations in that material is in a beautiful dormant condition, and keeping qualities are better than we ever remember. Most of the items offered here are in storage, and we can give very good service on them. Orders will be booked in rotation as received, and usually shipped within 24 hours of receipt. Express, Truck Freight, Air Freight, and two railroads are at our command to serve you.

Terms, to known or approved credit, 2% 10 Days, Net 30. Otherwise a 25% deposit on C. O. D. shipments is required. Baling and boxing is extra at cost.
